# Factory Authorized Service Centers

Factory Authorized Service Centers are responsible for providing parts and service for their assigned territories. Most have associate agents and branches strategically located throughout their territories. Upon calls for service to Bakers Pride, we will dispatch the appropriate agency to provide service. All Bakers Pride Factory Authorized Service Center facilities will use only factory supplied OEM parts and agree to perform service that meets with the Bakers Pride standards of service excellence.

*Important:* When calling for service, be prepared to give the Bakers Pride model number, serial number, type of gas and/or electrical characteristics, date of purchase, your name, complete address, phone number, person to contact, and describe the problem as best you can.
