

DANTE SERIES COUNTERTOP CHARBROILERS

SERIES: XXE

Bakers Pride® XXE series charbroilers feature the same low-profile, countertop design as our XX series, but with more powerful, 20,000 BTUH burners for faster broiling and heat recovery times. These extra high-performance models offer a range of widths (from 26" to 53") and four to ten burners.

The charbroilers in this series feature durable stainless steel construction and come standard with cast-iron top grates, stainless steel radiants, and aluminized steel burners. The interior combustion chamber is fully welded from hot-rolled steel. Grates may be adjusted in three separate titling positions for increased flexibility and temperature control.

These charbroilers can be converted for use with Glo-Stones in lieu of radiants to add a richer flavor profile to your menu items. Other options include splash guards and work decks for added convenience.

FEATURES AT A GLANCE

- 13.25" (337 mm) tall
- Aluminized steel burners every 4.87" (124 mm)
- Stainless steel radiants
- 20,000 BTUH per burner
- Individually operated control valves
- Natural gas or liquid propane
- Cast-iron grates (standard) or floating rod, fish, or meat grates
- Grates are 24" (610 mm) long with 3/4" (19 mm) rib spacing
- Flame failure safety pilots
- Adjustable grates with three titling positions
- All stainless steel exterior, slide-out grease drawer, and 4" (102 mm) legs
- 3/4" (19 mm) NPT rear gas connection
- Pressure regulator
- One-year limited warranty

OPTIONS & ACCESSORIES

- Glo-Stones (field-convertible)
- Cast-iron radiants
- Stainless steel, front-mounted work deck (with or without saucepan cut-outs)
- Richlite front-mounted work deck (with or without saucepan cut-outs)
- Condiment rail
- Stainless steel equipment stand (with or without casters)
- Gas connector hose
- Stainless steel splash guard
- Removable griddle plates
- Overhead back shelves
